

**Xavier University Dining Services
Meal Exchange Program Policy**

How Meal Exchange Works:

In lieu of using meal plan meal swipes in Hoff Marketplace, meal plan holders have the additional option of using their meal swipes for lunch at *The Space* in Alter Hall and for dinner at *Ryans Eatery & Pub* or *Fresh Fusions*, both in Gallagher Hall.

The meal swipe has no redeemable cash value, but allows the meal plan holder to select one of the custom meal packages offered at the dining service locations identified above.

A meal plan holder may present their meal plan for one meal exchange if they have not used a meal swipe during that same lunch or dinner meal period. There must be meal swipes available on the meal plan to use meal exchange.

Once used for meal exchange, a meal plan holder may not use a meal plan swipe during the remainder of that meal period in any other dining service operation, including Hoff Marketplace Dining Hall.

Meal Exchange Service Times:

- The Space: 10:45am to 1:30pm, Monday through Friday.
- Ryan's Eatery & Pub: 5pm to 8pm, Monday through Thursday
- Fresh Fusions: 5pm to 7pm, Monday through Thursday.

Special Note to Carte Blanche Meal Plan Holders:

The Carte Blanche meal plan provides meal plan holders unlimited access to Hoff Marketplace Dining Hall only. However, to allow meal plan holders the benefit of meal exchange, the Carte Blanche meal plan must be limited as defined above.

Other Terms and Conditions:

1. Meal exchange is offered during the regular dining service operating calendar when classes are in session. The program is not offered during break periods.
2. Meal exchange will not be offered at Ryan's Eatery & Pub on nights when there are men's home basketball games or during the Coach Chris Mack radio show.
3. Meal plan holders found taking more meals than allowed by meal exchange policies and procedures may lose their privilege to use meal exchange and may be charged for extra meals used.
