Auxiliary Services Announces a New Student Service!  
XU Laundry Alert

Have you dragged your dirty laundry down three flights of stairs to find that all the washers and dryers in your residence hall’s laundry room are in use? Now you don’t have to. As a student living on campus, you are now able to monitor the availability of all washers and dryers in your residence hall. You can also monitor the time left on laundry loads and receive e-mail or text message notifying you when your laundry is finished.

Xavier University’s new remote laundry monitor, Laundry Alert, gives all campus residents the value-added convenience of web-based access to laundry rooms. Through a personal computer, phone or PDA, residents can monitor status of washers and dryers, access real-time information about machine availability, and receive SMS text message or e-mail alerts when their laundry is done or machines become available.

To link to Xavier’s new laundry web based service please visit www.xavier.edu/laundry

Enjoy!! And, there is more…
XU Laundry Alert

For those who are avid text messaging fans…

The Laundry Alert program is designed to send emails and Text Messages to yourself for notification. With this new Xavier software, you can also send any SMS message as an email if you know the carrier you are with. Below is a list of the most popular carriers with instructions.

How to Send a Text Message (SMS) Via Email”

To send a text message via email, just substitute a 10-digit cell number for “number” for each carrier below. Use the complete prefix of your phone number and do not use dashes, e.g. for Cincinnati Bell: 5133788762@gocbw.com
