

# NEW COURSE STARTING AUGUST 2009

## FIRST-YEAR TEACHER INDUCTION SEMINAR

New teacher support is a critical component in a comprehensive plan to retain teachers, improve teacher quality and increase student achievement. This two part course (two semester hours in fall and two semester hours in spring) will provide novice teachers with sustained learning experiences that incorporate topics relevant to the beginning teacher, on-site visits by Xavier faculty, and engagement in frequent on-line conversations with their colleagues.
