Fall Semester

Dear Xavier Student:

On behalf of the staff of the Student Health Services, welcome to Xavier University! We are pleased that you have chosen to attend Xavier. This letter is a guide to important health matters that need your attention and action.

**Immunization Record and Medical History Required**

Students are required to provide proof of immunization to Measles, Mumps, Rubella and Meningitis. The Immunization Record and Medical History Form must be completed and the original returned to Xavier Student Health Services by August 1.

1. Go to: [http://www.xavier.edu/healthwellness](http://www.xavier.edu/healthwellness)
2. Complete Sections I through VII, sign at Section VII
3. Have the Immunization record completed and signed by your Primary Care Provider
4. Input your mandatory immunizations, MMR and meningitis (see instructions below)
5. Return your completed form by August 1 by fax or mail to the Health Center.

**Input your Mandatory Immunizations**

We strongly encourage students with an official Xavier User name and password to input your mandatory immunizations into Xavier’s online student health system. To input your own immunizations, please visit [https://xavier.medicatconnect.com/index.aspx](https://xavier.medicatconnect.com/index.aspx).

Log in using your Xavier user name and password. You can use the menu on the left to input your immunizations and upload your record.

**Student Health Insurance Requirement**

All students are required to have health insurance coverage. Students are automatically charged and enrolled in Xavier’s student health insurance plan. The insurance requirement may be satisfied, and the health insurance fee waived by providing proof of existing comparable coverage. You will be able to provide proof between July 1 and September 15.

1. More information to come in the near future on the link to insurance waiver and enrollment
2. The waiver period is between July 1 and September 15. No waivers will be accepted after September 30

**Student Health and Wellness Services**

Students are entitled to primary medical care and counseling services. For most services, there are no out of pocket expenses. There may be additional charges for immunizations, lab tests, medications, allergy injections, etc. Additional charges can be put on the Bursar bill or paid at the time of service. Statements will be provided for filing a reimbursement claim with your insurance plan. You may visit our website to access health and wellness forms and for more information about services; [http://www.xavier.edu/health-wellness/health/First-Year-Student-Documents.cfm](http://www.xavier.edu/health-wellness/health/First-Year-Student-Documents.cfm)

Please contact us for any questions. Again, welcome and we look forward to serving your health needs.

Sincerely,
Mary Rosenfeldt MSN, RN
Associate Director of Health Services
