XAVIER UNIVERSITY LIBRARY

Librarian Services for Faculty

*Your Library Liaison is
your link to an extensive
range of services and
resources offered by the
Library.*

Your Library Liaison can:

Advise and communicate

- Serve as a communications channel between the Library and your department
- Represent your concerns and interests to the Library
- Provide specialist advice
- Offer one-on-one consultation
- Review your department's monthly acquisitions budget and remind you of ordering deadlines
- Help you with copyright and intellectual property issues
- Introduce you to Library services such as:
 - Course reserves and e-reserves
 - Document delivery
 - Digital Space @ Xavier
 - XU.Tutor
 - Xtreme Subject Guides
 - Journals @ XU & FIND IT @ XU
 - XPLORE & OhioLINK

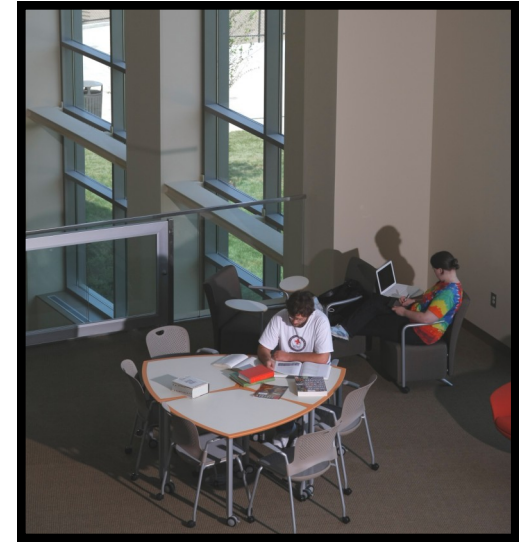

Your Library Liaison can:

Help provide teaching tools

- Assist you in developing course resources within Blackboard
- Introduce you and your students to citation help using RefWorks
- Train you and your students to use the plagiarism detection tool TurnItIn, as well as the collaborative writing and grading solution WriteCycle/Grademark
- Collaborate with you on curriculum design
- Brainstorm about effective student assignments and alternatives to traditional term papers
- Assist you in providing distance education

Teach information fluency

- Teach both basic library instruction and advanced information fluency skills to students
- Provide one-on-one help for students
- Provide discipline-specific, course-specific or assignment-specific training tailored for different student audiences

Your Library Liaison can:

Develop resources to advance your research

- Work with you to advance your research interests and identify information needs
- Locate, recommend, and evaluate print and electronic sources
- Provide you with guides tailored to your discipline for books, databases, journals, media, and Internet resources
- Collaborate with you to develop a library collection that is relevant for the learning and teaching needs of the university through collection development and resource support
- Work with you on grant-funded projects with a library component
