mhubner@cerner.com

Immediate Past President:

David Irigoyen '83, FACHE
dirigoyen@maadocs.com

Member-at-large:

Michael Graham '03
mgraham@mayfieldclinic.com

Why your membership and contributions are important:

- The Alumni Association continues to serve as the means for alumni to network with others in developing ideas and careers.
- Dues and contributions help cover the costs of staff time and materials for producing the newsletter, jobsheets/networking contacts, updating files, and the roster, all academic updates and social events.
- The Alumni Association is one of the pillars that GPHSA faculty rely on for their work in developing the educational curriculum, research and forming students through the mentoring program to become leaders.
- All of us have a responsibility to help develop the next generation of healthcare leaders.
- The Alumni Association will support the development of student scholarships as funds are available.
