THE UNIVERSITY

History

Xavier University was established in 1831 when the first bishop of Cincinnati, Edward Fenwick, raised a two-story building near the cathedral in downtown Cincinnati and opened its doors to educate seminarians and other young men in the Ohio area. This institute of arts and sciences was the first Catholic institution of higher learning in the Northwest Territory. The original name of the college was The Athenaeum, but it was dedicated from the beginning to the patronage of St. Francis Xavier.

At first, the college was administered by the bishop and his diocesan priests, but as it grew it began to require professional academic leadership. In 1840, John Roothaan, the Jesuit Superior General, responded to Bishop John Purcell's (Fenwick's successor) request and appointed three Jesuit priests, two brothers, and two scholastics to assume leadership of the college. Its name was changed to St. Xavier College in honor of the Jesuit educator under whose patronage the college was originally placed.

It was during these first few years as a Jesuit institution that Xavier began to take on the unique character and special role that it fulfills today. For example, a mercantile program was added to the curriculum in 1840 because the Jesuit educators recognized the need to supplement the traditional humanities education with a sound business program. Today, the University is recognized for its development of the Williams College of Business, established in 1961, which, together with the other undergraduate colleges—the College of Arts and Sciences and the College of Social Sciences as well as the center for adult and part-time students (CAPS)—provides students with a broad-based learning experience.

In 1841, Xavier offered its first night courses, beginning a tradition of serving the unique needs and schedules of professionals in the Cincinnati community, a tradition it proudly continues today.

St. Xavier College moved to its present location in the geographic center of the city in 1919, when its growth and development called for new and larger facilities. To reflect that growth and development, the name was changed to Xavier University in 1930. Since that time, the University has become coeducational (1969) and has implemented a host of new academic programs, facilities, community projects and student services.

A historical development at Xavier was the addition on July 1, 1980, of a second campus and a fourth undergraduate college, Edgecliff College. Founded in 1935 by the Sisters of Mercy as a women's liberal arts college, Edgecliff brought with it 45 years of dedication and academic excellence. In 1985, the Edgecliff campus was sold and all programs were moved to the main campus. In 1999 Alumni Hall was renovated and renamed Edgecliff Hall to bring to campus a physical presence of the legacy of Edgecliff College.

The campus grew in the 1980s with donations of property by the U.S. Shoe Corp. in 1982 and the Rainbo Baking Co. in 1986 (including an 84,000-square-foot building) that increased Xavier's total acreage to 80 acres.

Other expansions included Xavier Village, a 56-unit student apartment complex, constructed on 5.6 acres of property purchased from Peggy Becker Jackson in May 1988, and the Link Complex, three acres received through a charitable trust from Joseph Link Jr. on Jan. 2, 1989. These additions brought Xavier's total area to 89 acres.

On April 21, 1991, James E. Hoff, S.J., was inaugurated as Xavier's 33rd president. Under Father Hoff's leadership, the University continued to grow:

- The Carl H. Lindner Family Physics Building was dedicated in October 1991. The building is part of an \$8.8 million science center project that provides state-of-the-art classroom and laboratory facilities for the University's physics, biology and chemistry programs.
- In the fall of 1995, the University dedicated its newest residence hall to Clement and Ann Buenger. Completed in 1993, the coed residence houses 205 students and features two-, three- and four-bedroom suites arranged around a central kitchen, dining and lounge area.

Probably one of the largest endeavors the University has undertaken began in 1994. In March of that year, the board of trustees endorsed the direction of a University strategic plan. XU2000 has shaped Xavier's development into the 21st century. The plan has made Xavier academically, financially and spiritually stronger. Since the introduction of XU2000 Xavier has:

- Achieved a consistent ranking among the top regional colleges and universities by *U.S. News & World Report*.
- Renovated the academic and residential malls with lush landscaping, green spaces and sitting areas.
- Created a doctoral degree program in psychology, Xavier's first doctoral level course of study and the second Psy.D. program in Ohio.
- Received a \$400,000 challenge grant from the National Endowment for the Humanities to support the Ethics/Religion & Society focus of the core curriculum.
- Increased the number of national alumni chapters to 50.
- Entered the Atlantic 10 Conference.
- Implemented a weekend degree program.
- Wired all residence hall rooms for Internet access.
- Built the Cintas Center, a multipurpose facility that offers student dining, a conference center, banquet hall and a 10,000-seat athletic arena.
- Launched The Century Campaign, the most ambitious fund-raising campaign in the University's history. The campaign was responsible for the completed renovations of Hinkle Hall and campus malls, the restoration of Schmidt and Edgecliff Halls, the construction of the Cintas Center, and the Charles P. Gallagher Student Center, which opened in 2002. The campaign is also enhancing Xavier's endowment, providing additional funds for scholarships, financial aid, and creating the Brueggeman center for interreligious dialogue.

The Century Campaign ended in May 2001. In the fall of 2001, Michael J. Graham, S.J. was inaugurated as Xavier's 34th president.

Xavier's growth in the century and a half since its founding reflects its origins as a teaching institution that soundly prepares students for careers, graduate study or both. A Xavier education, particularly at the undergraduate level, is marked by an emphasis on liberal arts learning contained in Xavier's core curriculum. Equally important in the Xavier tradition is the synthesis of human, cultural and ethical values; concern and respect for all people; and an appreciation of the worth and dignity of the self and others.

Xavier University: Mission Statement

Xavier's mission is to educate. Our essential activity is the interaction of students and faculty in an educational experience characterized by critical thinking and articulate expression with special attention given to ethical issues and values.

Xavier is a Catholic institution in the Jesuit tradition, an urban university firmly rooted in the principles and convictions of the Judeo-Christian tradition and in the best ideals of the American heritage.

Xavier is an educational community dedicated to the pursuit of knowledge, to the orderly discussion of issues confronting society and, as would befit an American institution grounded in the humanities and sciences, Xavier is committed unreservedly to open and free inquiry.

Xavier, while primarily an undergraduate institution emphasizing the liberal arts, is also committed to providing graduate and professional education in areas of its demonstrated competence and where it meets a particular need of society, especially of Xavier's regional constituency. Faculty members, moreover, are strongly encouraged to engage in research outside the classroom in order to maintain the professional standing of the institution.

With attention to the student as an individual, Jesuit education seeks to develop intellectual skills for both a full life in the human community and service in the Kingdom of God; critical attention to the underlying philosophical and theological implications of issues; a world view that

is oriented to responsible action and recognizes the intrinsic value of the natural and human values; an understanding and communication of moral and religious values through personal concern and lived witness, as well as by precept and instruction; and a sense of the whole person—body, mind and spirit.

In keeping with this Jesuit tradition, Xavier believes that religious insights are complementary to the intellectual life, and that a continuing synthesis of the Christian perspective with all other forms of human knowledge is conducive to wisdom and understanding. Xavier shares in the worldwide Jesuit commitment to a creative and intelligent engagement with questions of peace and justice.

Xavier aims to provide all students with a supportive learning environment that offers opportunities for identifying personal needs, setting goals, and developing recreational and aesthetic interests and skills for daily living and leadership. The self-understanding and interpersonal development that result are vital corollaries to a student's academic development.

Xavier believes that these goals can be achieved only through academic programs of high quality that are served by a faculty devoted primarily to excellence in teaching, are nurtured by scholarship and research and are supported by a broad range of University ministry and student life programs.

Jesuit Education

Xavier University offers its students the advantages of a quality liberal education, which has always been the center of a Jesuit university. Such an education enables the student to put personal academic goals in the context of the diverse achievements of civilization and the vast potential of the human person. Jesuit and Catholic education presumes that the truth about the world and humankind, discovered through human reason, cannot ultimately conflict with the truth of faith, since the two have a common origin in God. Indeed, the continuing dialogue between religious tradition and developing human wisdom is of primary importance in the search for ultimate truth.

The goal of a Jesuit and Catholic education is integration of the intellectual dimension of learning and the spiritual experience of the student, along with the development of a strong system of personal moral values. Such an education strives for the formation of the student's mind and heart into a habit of reaching out to the needs of today's and tomorrow's global society and, in the process, of reaching out to God.

The institution is committed to making available a learning environment which addresses students' personal needs, provides opportunities for their spiritual growth, encourages the recreational and aesthetic dimensions of life, and assists them in the development of career goals.

Assessment

Xavier University has demonstrated its commitment to excellence by instituting an assessment program. Xavier's assessment program includes all aspects of the University and is ongoing. The goal of this program is the continual improvement of the educational experience at Xavier. The involvement of every member of the Xavier community—faculty, staff and students—is necessary to ensure that the assessment program is a success.
