First year and transfer students currently diagnosed with Attention Deficit Disorder (ADD) or Attention Deficit Hyperactivity Disorder (ADHD) and currently prescribed stimulant medications by their primary care provider will want to be aware of regulations regarding obtaining the medications.

Ohio law requires the presentation of a written, non-refillable prescription to the dispensing pharmacy for each one-month supply of medications. Before arriving at Xavier, plan to discuss your medication with your physician and make arrangements for the continuation of your medication.

For continuation of the medication an option to consider is the following:

1. Each month, you or your parent obtain a written prescription from your primary care provider
2. The prescription can be mailed to you or with prior arrangements to the local pharmacy
3. Please call the local pharmacy to make arrangements and to provide the necessary information (insurance and payment). Pharmacies closest to campus are the following;

**Walgreens**
4605 Montgomery Road
Cincinnati, Ohio 45212
(513) 731-0062
(Approximately 2 miles from campus)

**Kroger Pharmacy**
Surrey Square Center
4500 Montgomery Road
Cincinnati, Ohio 45212
(513) 841-6620
(Approximately 2 miles from campus)

**CVS**
371 Ludlow Avenue
Cincinnati, Ohio 45220
(513) 281-4329

- Monthly prescriptions mailed to the CVS location above, will be delivered to the Health and Wellness Center with prior arrangements. When making arrangements, please notify CVS that you are a Xavier student.

If you are coming to Xavier from out of town and these options do not meet your needs, please contact a nurse at Xavier Health Services to discuss your situation.
