Xavier Students Taking Medications for ADD of ADHD

Some students come to Xavier who have already been diagnosed with Attention Deficit Disorder (ADD) or Attention Deficit Hyperactivity Disorder (ADHD) and are currently taking medication for these conditions prescribed by their physician at home. Most often, the medication used are stimulants which are carefully controlled by federal and state laws and regulations.

Ohio law requires the presentation of a written, no-refillable prescription to the dispensing pharmacy for each one-month supply of medications. If you are planning to continue taking medication for ADD or ADHD while you are at Xavier, please follow the following procedures:

1. Each month, you or your parent should obtain a written prescription from your physician.

2. The prescription may be mailed either to you here at Xavier or directly to the local pharmacy.

3. Please call the pharmacy of your choice to make arrangements and to provide the necessary information (insurance and payment). Recommended pharmacies closest to campus:

   Walgreens
   4605 Montgomery Road
   Cincinnati, OH 45212
   (513) 731-0062
   (Approximately 2 miles from campus)

   Kroger Pharmacy
   Surrey Square Center
   4500 Montgomery Road
   Cincinnati, OH 45212
   (513) 841-6620
   (Approximately 2 miles from campus)

   CVS*
   371 Ludlow Avenue
   Cincinnati, OH 45220
   (513) 281-4329

*If you have your monthly prescriptions mailed to the CVS location above, CVS will deliver your medication to the Health and Wellness Center. If you make these arrangements with CVS, please tell them you are a Xavier student and notify us at the McGrath Health and Wellness Center (513) 745-3022 of the arrangements you have made.

Please contact us if you have any questions.
