

Two Truths and an AI

A fun partner activity with a tech twist!

How to Play

1. Write Your Facts

Come up with two true facts and one lie about yourself.

2. Pair Up

Find a partner and take turns reading your three facts.

3. Guess the Lie

Each partner writes down their guess.

4. Ask the AI

Enter the three facts into ChatGPT and ask: “Which one is the lie, and why?”

5. Reveal the Truth

Compare your guess with the AI’s. Who got it right? What was the logic?

Not into AI today?

That’s totally fine. You can join a pair as the observer—help them guess and discuss what the AI says (if they use it).

Write Your Three Facts Below

1. _____

2. _____

3. _____
