This Handbook provides information on the Masters of Education and Licensure programs in Educational Administration.
Dear Educational Administration Candidate,

Welcome to Xavier University’s Degree and Licensure programs in educational administration. This booklet is designed to provide you with information about the program expectations for both a M.Ed. in educational administration and administrative licensure in Ohio, and other states. You should regularly consult the Xavier School of Education website for updates on course offerings. Sometimes to meet candidate needs, courses are added too late to appear in the published course offerings.

Ohio colleges and universities who offer degrees and licensure in educational administration are required to meet standards provided by the Ohio Department of Education. In addition, the Xavier programs in educational administration meet the National Educational Leadership Preparation (NELP) Standards. The NELP standards, which are aligned with the Professional Standards for Educational Leadership (PSEL), serve a distinct purpose in that they provide specificity around performance expectations for beginning level building and district leaders. Whereas the PSEL standards define educational leadership broadly, the NELP standards specify what novice leaders and program graduates should know and be able to do as a result of completing a high quality educational leadership preparation program.

To achieve the M.Ed. in educational administration, the candidate must complete thirty (30) hours of semester credit. Nine (9) of these semester hours are in the foundations of education. A minimum of twenty-one (21) semester hours must be completed in educational administration courses. Six (6) elective hours may be included in the M.Ed. program, however, elective credits are not acceptable for licensure programs. Additionally, a student must also pass the comprehensive examination and apply for graduation.

For administrative licensure in Ohio, an additional six (6) semester hours beyond the M.Ed. are required. In order to seek licensure in Kentucky, Indiana, or other states, students must first complete the Ohio licensure program and then apply to the other state. Additional Information on licensure in other states can be found at the following website: https://www.xavier.edu/college-of-professional-sciences/kentucky

In addition to the M.Ed. in educational administration, Xavier offers programs leading to the following licensures in Ohio:

- Principal (PK – 6)
- Principal (Grades 4-9)
- Principal (Grades 5-12)
- Administrative Specialist (Curriculum, Staff Personnel, etc)
The program contains only one requirement with regard to scope, sequence, or prerequisites. The student must enroll in Educational Research, EDFD 507 and EDFD 508, within the first 20 hours of the program. If a student has not enrolled in EDFD 507/508, within the first 20 hours, the registrar can put a hold on registration until the candidate has met with their advisor.

Please consult this handbook so you will be able to progress smoothly through the degree and/or licensure programs. If you have additional questions or concerns, please do not hesitate to reach out to the program faculty and staff.

Thank you again for joining our programs, and we wish the best in your next professional steps.

Sincerely yours,

The Educational Administration Program Faculty and Staff

- Component 6.3 Program completers understand and demonstrate the capacity to reflectively evaluate, communicate about, and implement laws, rights, policies, and regulations to promote student and adult success and well-being.

**Standard 7: Building Professional Capacity**
Candidates who successfully complete a building-level educational leadership preparation program understand and demonstrate the capacity to promote the current and future success and well-being of each student and adult by applying the knowledge, skills, and commitments necessary to build the school’s professional capacity, engage
staff in the development of a collaborative professional culture, and improve systems of staff supervision, evaluation, support, and professional learning.

- Component 7.1 Program completers understand and have the capacity to collaboratively develop the school’s professional capacity through engagement in recruiting, selecting, and hiring staff.
- Component 7.2 Program completers understand and have the capacity to develop and engage staff in a collaborative professional culture designed to promote school improvement, teacher retention, and the success and well-being of each student and adult in the school.
- Component 7.3 Program completers understand and have the capacity to personally engage in, as well as collaboratively engage school staff in, professional learning designed to promote reflection, cultural responsiveness, distributed leadership, digital literacy, school improvement, and student success.
- Component 7.4 Program completers understand and have the capacity to evaluate, develop, and implement systems of supervision, support, and evaluation designed to promote school improvement and student success.

**Standard 8: Internship**
Candidates successfully complete an internship under the supervision of knowledgeable, expert practitioners that engages candidates in multiple and diverse school settings and provides candidates with coherent, authentic, and sustained opportunities to synthesize and apply the knowledge and skills identified in NELP standards 1–7 in ways that approximate the full range of responsibilities required of building-level leaders and enable them to promote the current and future success and well-being of each student and adult in their school.

- Component 8.1 Candidates are provided a variety of coherent, authentic field and/or clinical internship experiences within multiple school environments that afford opportunities to interact with stakeholders, synthesize and apply the content knowledge, and develop and refine the professional skills articulated in each of the components included in NELP building-level program standards 1–7.
- Component 8.2 Candidates are provided a minimum of six months of concentrated (10–15 hours per week) internship or clinical experiences that include authentic leadership activities within a school setting.
- Component 8.3 Candidates are provided a mentor who has demonstrated effectiveness as an educational leader within a building setting; is present for a significant portion of the internship; is selected collaboratively by the intern, a representative of the school and/or district, and program faculty; and has received training from the supervising institution.
