Key for Summary Table of Representative Membership:

AL – At large. In general, no more than 1 at-large position can come from any given college. Exceptions: ER/S (but see restriction), Parking, Commencement, University Harassment Hearing Board, XTC)

NA – Named appointments designated by position a faculty member holds.

AFC – Appointed by Faculty Committee

AP – Appointed by the President

E – Elected

NE – Nominated and Elected

(TT) – Must be tenure/tenure-track. If a number appears in front, it specifies the minimum number of members that must be tenure/tenure-track.

(RP) – Must hold rank of professor

(TR) – Term restrictions

(NL) – non-librarian faculty members (Applies only to Library committee for which names appointments are librarian faculty)

(#R) – number of seats that are restricted to a specified sub-unit

*Will require a change to the Constitution as membership specified in Faculty Handbook is at odds with new college structure.

**Will require a change to the handbook as membership specified in Faculty Handbook is at odds with new college structure. The faculty designation represents what Faculty Committee will put forth for a vote to the assembly.
III. General Responsibilities of Committees

A. Placement on Committees
There are five primary mechanisms by which faculty are placed on Academic and University Committees (excluding College Curriculum Committees, whose faculty memberships are governed by each respective college):

1. Elected – Faculty Committee will seek nominations from eligible faculty via an e-mail announcement to the Faculty Assembly. Self-nominations are acceptable, and all nominees must confirm their willingness to serve in accordance to any specific requirements of the committee in order to be included on the ballot. All eligible and willing nominees will be included on the ballot, which will then be sent to the appropriate voting body (e.g., all members of the Faculty Assembly, Principal Faculty of the Faculty Assembly)

2. Nominated and Elected – ER/S and R&T faculty members must be nominated by a specified body (as detailed in the Membership section). All nominees must confirm their willingness to serve in accordance to any specific requirements of the committee in order to be included on the ballot. All eligible and willing nominees will be included on the ballot, which will then be sent to the appropriate voting body (e.g., entire Faculty Assembly, Principal Faculty of the Faculty Assembly)

3. Appointed by Faculty Committee in consultation with Deans and the Provost – Faculty Committee will seek nominations from eligible faculty via an e-mail announcement to the Faculty Assembly. Self-nominations are acceptable, and all nominees must confirm their willingness to serve in accordance to any specific requirements of the committee in order to be considered. The appointed member will then be selected by Faculty Committee in consultation with the Deans and the Provost. This consultation includes forwarding the selected names to the Deans and Provost and soliciting feedback. As long as Faculty Committee feels there are no reasonable objections to the names put forward, the nominees will go forward as appointed members.

4. Appointed by the President – with the exception of the Xavier Technology Committee, faculty are appointed to University Committees by the President on the recommendation of Faculty Committee. In these cases, the committee will seek nominations from eligible faculty via an e-mail announcement to the Faculty Assembly. Self-nominations are acceptable, and all nominees must confirm their willingness to serve in accordance to any specific requirements of the committee in order to be considered. Faculty Committee will forward two names to the President, in order of its preference.

Faculty are appointed by the President to IRB after being recommended by the Associate Provost for Academic Affairs, the Deans, and the Faculty Committee. As these appointments are not limited to three-year terms, Faculty Committee will seek guidance from the Chair of IRB when such a recommendation is needed.

5. Named appointments – several committees designate membership to specific titled positions (e.g., Faculty Committee Chair, Director of ER/S, etc.). Similarly, one (1) member of the CCAC is self-appointed by the Core Curriculum Committee (CCC) from its current membership.

B. Replacement of Members
With the exception of Faculty Hearing Committee, for which the process is specified in the Faculty Handbook, when a faculty member has to step off an Academic or University committee, either permanently or temporarily, Faculty Committee will always seek to find a replacement who meets the membership criteria of the open position. If the replacement term is longer than an academic year, Faculty Committee will fill the position using the same process used to fill the corresponding three-year (full) term. If the replacement term is one academic year or less, Faculty Committee will follow one of the following processes:

For positions that are
- Elected - FC will select the individual, and with the candidate’s approval, appoint them to the position for the necessary duration.
- Nominated and Elected - FC will allow the nominating body to select the individual, and with the candidate’s approval, appoint them to the position for the necessary duration.
- Appointed by Faculty Committee in Consultation with Deans and the Provost - FC will select the individual, seek approval from the Deans and the Provost, and then, with the candidate’s approval, appoint them to the position for the necessary duration.
- Appointed by the President - FC will fill the position using the same process used to fill the corresponding three-year (full) term.

In all cases, a replacement term will not extend beyond the term of the original appointment, thereby ensuring that committee rotations do not get out of synch. A replacement member (whether temporary or permanent) is marked as either T or P, and the replacement individual’s name follows the original committee member’s name (now placed in parentheses). This notation also helps ensure that planned staggering of terms remains in place.

Recipients of faculty-development leaves are released from regular committee assignments for the period of the release time. However, Faculty Committee will honor the request of a recipient to remain on an Academic or University Committee, so long as they can demonstrate that they will be able to meet their obligations to that committee and their sabbatical.

With the exception of the Rank and Tenure Committee, in the event that a College does not have an eligible faculty member who is willing to serve on an Academic committee, Faculty Committee will seek to put forth a slate of candidates, ideally including individuals who could enhance the diversity of the committee, for election for the remainder of the academic year by the Faculty Assembly. The seat reverts back to the original College the following year, and the faculty member elected to that position will serve out the remainder of the original term so as to ensure that the staggering of terms is not affected.

In the event that a College does not have an eligible faculty member who is willing to serve on a University Committee, Faculty Committee will seek guidance from the Provost as to how to fill the open seat.

C. Minutes, Year-End Reports, and Chair/Co-Chair Selections
Each committee is required to take regular meeting minutes and submit them along with an end-of-year report to the office of the Associate Provost. In addition, each committee is required to select a chair/co-chair as is indicated on its respective page, and include that information on its end-of-year report. An incoming member to the committee cannot serve as chair/co-chair to that committee.

D. Staggered Terms
For those committees that rely on staggered terms for membership, it is crucial for the ongoing effectiveness of the committee that original staggered terms be maintained. This feature is vital for ensuring a breadth of committee-member experience as well as representation from across colleges (when applicable). Special attention should be paid especially when a replacement member is introduced to a committee.

E. Liaisons on Committees
In the event that a committee reports to a specified entity (e.g., Provost, Faculty Committee), the chair / faculty co-chair will typically serve as the liaison for that committee.

F. Advisory Role
All University Committees are advisory.

The processes for filing a grievance and conducting a hearing are specified in the Faculty Handbook, pages 26-27.

As the Faculty Handbook notes: “If a committee member is challenged for bias in a particular case, and that challenge is sustained by a majority vote of the other members, or if a member cannot serve because of illness or for some other reason, then a replacement is made. If it is a faculty-elected member that must step down, then the replacement is elected by the remaining faculty-elected members. If it is a President-appointed member that must step down, then the replacement is appointed by the President.”

**Membership:**
Membership consists of five (5) tenured members of the faculty. Four members of this committee serve staggered three-year terms and are elected by the Principal Faculty following nominations from each College, such that each College has one member on the committee. One additional member is appointed by the President and serves a three-year term. Vacancies on the committee that result from resignation, retirement, or any other reason are to be filled by the same procedure. Each year, the members of the committee elect a Chair from their number. Members of this committee may not serve more than two consecutive terms. Each year, the members of the committee elect a Chair from their number.

**Reporting:**
The Committee reports to the President in the manner specified in the Faculty Handbook.

15. INSTITUTIONAL REVIEW BOARD

Charge:
The purpose of the IRB is to protect human subjects used in research and to assist faculty, students and staff in the pursuit of knowledge through research that reflects the ethical standards of Xavier University. The Institutional Review Board reviews for approval research involving human subjects. Any research project involving human subjects which is conducted by Xavier University faculty, staff or students or which takes place on the Xavier University campus is subject to review and approval by the IRB.

Membership:
The IRB is an important committee with responsibility for oversight related to federal compliance standards. As such, appointments are made based on both interest in service to the university and specific content expertise that the IRB may require, based on the discipline and expertise of the member(s) being replaced. Per federal guidelines, the Institutional Review Board will consist of at least seven members, including a Chair and a Vice-Chair. These members will be appointed by the President after being recommended by the Provost and Chief Academic Officer in conjunction with the Associate Provost for Academic Affairs, the Deans and the Faculty Committee. The Chair and Vice-Chair are appointed according to federal guidelines.

Appointments will be for three years, and will be renewable. At the end of a member’s three-year term, if the individual wishes to continue as a member of the IRB, that individual will indicate this in writing to the IRB Chair, who will share this information with the other members of the Board for discussion and a vote at the next convened meeting. The Chair’s and Vice Chair’s appointments will be for three years as well and will be renewable using the same process as for members.

Initial appointment recommendations will be made to Faculty Committee by the IRB, to initiate the process, and will include a rationale for any prospective members receiving IRB endorsement. Such endorsement constitutes one factor that University officials will consider in making appointments. IRB members will represent areas of expertise from which protocols are expected to be generated. At least one member should represent the community in which Xavier is located and whose members might be recruited as individuals to cooperate in research. At least one IRB member must have expertise in Bioethics and all appropriate steps should be taken to ensure that the IRB’s membership represents the diverse viewpoints of the University and surrounding community.

17. UNIVERSITY RANK AND TENURE COMMITTEE

Charge:
The University Rank and Tenure Committee reviews all recommendations and applications for the promotion and tenure of faculty. The committee makes its recommendations to the President regarding promotion and tenure. A fuller description of this committee's responsibilities is in the Faculty Handbook.

Membership:
Membership consists of voting members who hold the rank of (full) Professor, with one member coming from the College of Nursing, two members coming from the Williams College of Business, two members coming from the College of Professional Sciences, and three members coming from the College of Arts and Sciences, with one or two of these members from the following departments: Biology, Chemistry, Physics, Mathematics, and Computer Science. The Provost and Chief Academic Officer is a non-voting member of the committee and serves as co-chair alongside a faculty co-chair who is voted in by the faculty of the committee.

Each year the Principal Faculty elect, in a fixed rotation, two or three full professors to the University Rank and Tenure Committee for a three-year term. These staggered terms prevent more than three new members joining the committee in a given year.

The Principal Faculty of the College will seek to nominate two full professors for each opening on the committee for that college, and members of the University Rank and Tenure Committee are elected by the Principal Faculty of the University. In the event that a college does not have an eligible faculty member who is willing to serve, the open position will remain vacant.

Note: membership on this committee includes possible winter-break-meeting obligations for all members.

The University Rank and Tenure Committee reports through the Provost and Chief Academic Officer to the President.

13. UNIVERSITY PLANNING AND RESOURCING COUNCIL

UNIVERSITY PLANNING AND RESOURCE COUNCIL CHARTER 9-30-19

Statement of Purpose
The University Planning and Resource Council (UPRC) is an advisory body reporting to the President and serves as the primary conduit for faculty and staff input into financial resource allocation related to long-range financial planning and annual budgeting. The UPRC serves to ensure that faculty and staff feedback regarding strategic and operational plans and significant financial decisions is taken into consideration by the President and the Administration, and it makes recommendations and provides advice to the President regarding financial resource allocation in support of the University’s strategic plan and institutional goals and objectives.

The UPRC fulfills its purpose by:
- Reviewing and providing input into the development of long-range financial plans, including a review of key assumptions and financial plans;
- Reviewing and providing input into the development of the annual budget, including a review of key assumptions and financial resource allocation;
- Reviewing and providing input into the development of capital and deferred maintenance plans, including review of recommendations regarding campus master planning and campus space utilization;
- Reviewing and providing input to the development of strategic plans, strategic goals, and annual institutional goals, and the financial resource allocation to accomplish those plans and goals;
- Providing feedback and recommendations on the above matters to the President;
- Reviewing other significant matters that have financial resource implications, and providing feedback regarding the allocation of financial resources that affect strategic goals of the university, its long-range financial plans and its annual budget, as may be required from time to time; and
- Deliberating in a confidential and collaborative manner while ensuring that the best interests of the University guide all recommendations.

As an advisory body, the UPRC recognizes that decision-making authority for financial decisions rests with the President or other members of the Administration, as outlined in the University’s governing documents and as overseen by the Board of Trustees and various committees of the Board of Trustees.

Membership Categories, Membership, and Expectations and Responsibilities of Members

The following Membership Categories of the UPRC are established:
- Ex-officio Members.
- Appointed Members, which will consist of:
  - Faculty Members;
  - President’s Direct Reports Members; and
  - Staff Members.

Membership in each Membership Category will be as follows:
- Ex-officio Members:
  - Vice President for Financial Administration and Chief Business Officer, co-chair
  - Provost and Chief Academic Officer, co-chair
- Appointed Members:
  - Faculty Membership will consist of one faculty member from each College, with priority given to tenured faculty members. Faculty members will be nominated by the Faculty Committee and appointed by the President after consultation with the co-chairs.
  - President’s Direct Reports Membership will consist of two direct reports of the President other than the ex officio members, appointed by the President.
  - Staff Membership will consist of two staff members, recommended by the Staff Advisory Committee and appointed by the President after consultation with the co-chairs.

Each Appointed Member will serve a term of three (3) years. Terms are not renewable, however, an Appointed Member may be re-appointed to any number of additional three-year terms after a period of not less than one (1) year between terms.
Terms will be organized into three groups, with each group having a different starting year so as to provide for carryover and continuity of membership. During the initial terms beginning after the approval of this Charter, the terms of some members may be less than three (3) years. However, upon completion of the initial terms, all terms will be three (3) years in length.

Staff members from either Financial Administration or the Provost’s office may be invited to participate in meetings in support roles, however, those staff members are not considered members of the UPRC. Other faculty or staff members may be invited to participate in meetings as non-voting attendees in order to present information or serve as subject matter experts on specific matters before the UPRC; such invitation must be reviewed and agreed to by the co-chairs prior the meeting.

All members of the UPRC are expected to place the interests of the entire University above other considerations during deliberations and when making recommendations. Secondarily, members are expected to represent the constituents they have been appointed to represent, and they are to serve as conduits of information both to and from the UPRC regarding all matters that come before the UPRC.

Membership terms begin on July 1 and end on June 30.

Meetings
The UPRC will meet at least monthly during the Academic Year (between August and May), and may meet during the summer (June and July) upon notification from the co-chairs. Additional meetings may be scheduled as workload requires at the discretion of the co-chairs. Scheduled meetings may be cancelled upon notification by the co-chairs to the members.

Meeting schedules and a related work plan will be determined annually and confirmed at the beginning of each academic semester.

Guidelines for the preparation and distribution of meeting materials will be prepared by the Financial Administration staff members in consultation with the co-chairs. Such guidelines will be periodically reviewed, updated and shared with the UPRC.

Meetings are intended to be held in person, however, meetings may be held by teleconference or web or video conference at any time at the discretion of the co-chairs. Members may also attend in-person meetings by telephone or other electronic means if they are unable to attend in person.

A quorum will exist when at least one-half (50%) of the members of each membership category are present, either in person or by telephone, video conference, or other electronic means. Members must be present virtually or in person at meetings; sending proxies or proxy voting of any kind are not permitted. Meetings may be held without a quorum; however, no formal recommendations can be made or any other action requiring a vote can be taken; discussion will be documented in the meeting minutes and notes and will indicate that a quorum did not exist.

Meeting minutes will be prepared and distributed after each meeting, and such minutes will be scheduled for approval by voice vote at the next scheduled meeting. Minutes will be made available to the campus community after they have been approved by the UPRC. Due to the confidential nature of some matters which may come before the UPRC, minutes may be redacted before they are shared with the campus community.

In addition to the publication of minutes to the campus community, the co-chairs will communicate UPRC activities and recommendations to the President.

Voting
As an advisory body reporting to the President, the UPRC is expected to provide feedback to the President and the Administration. In fulfilling this advisory role, consensus is the desired outcome. However, in situations where consensus cannot be reached, there may be occasions where a formal vote is necessary in order to properly document the different views of any action taken by the UPRC. Any member can request a vote of any matter before the UPRC. Only Ex-officio Members and Appointed Members are permitted to vote (“Voting Members”), and no vote can be taken without a quorum.
When certain matters arise that require UPRC feedback or action in between meetings, a request for discussion, feedback or a vote of the Voting Members may be requested via electronic mail at the discretion of the co-chairs; both co-chairs must agree to solicitation of feedback or votes via electronic mail.

Confidentiality
Matters of a sensitive or confidential nature may occasionally come before the UPRC. Each member is expected to treat all information of the UPRC other than that which has been publicly disclosed as highly confidential, and is not authorized to share such information outside of the UPRC without the expressed approval of the co-chairs. Any member of the UPRC found sharing confidential information without the expressed approval of the Ex-officio Members may be dismissed from the UPRC and may be subject to other disciplinary action as determined under existing University policies and practices.

The work of the UPRC often requires coordination with the work of other faculty, staff and administrators who may not be members of the UPRC. The co-chairs, at their sole discretion, may discuss confidential information with faculty, staff and administrators as required to effect that work of the UPRC.

Annual Work Plan
In order to fulfill its role as an advisory committee on matters regarding institutional resource allocation, the UPRC will follow a work plan that aligns with the University’s normal calendar for the determination of strategic and annual plan goals and financial plans and budgets. Such work must also align with the required Presidential and Board of Trustees approvals of such plans. An annual work plan should be reviewed and approved by the UPRC at the beginning of each Academic Year, and will be posted for committee members throughout the year.

Note: membership on this committee includes a summer-meeting obligation for all members.

Space Planning and Utilization; Subcommittee on Space
The utilization of physical space on campus is ultimately determined by the President, in consultation with the Provost, the Chief Business Officer, the Vice President for Physical Plant and others on campus as may be required in the circumstances. In order to make informed decisions regarding space utilization, the UPRC is tasked with providing a forum for input regarding significant changes to space allocation and utilization on campus.

In order to ensure that all relevant factors regarding space reallocation are considered, the UPRC has created a Subcommittee on Space (SOS). Requests regarding the utilization or reallocation of space on campus will be reviewed by the SOS and the SOS will make recommendations to the UPRC to approve any requested changes to space reallocation and utilization; the UPRC will vote to affirm or reject all recommendations made by the SOS.

The SOS operates under a separate charter and follows the approved Space Management Policy in conducting its work for its work, both of which from time to time will be reviewed and affirmed by the UPRC.

Charge for UPRC’s Standing Subcommittee on Space
The UPRC Subcommittee on Space is an advisory committee to the University Planning and Resource Council (UPRC) that is intended to assist the UPRC in making informed and timely decisions regarding the allocation and repurposing of existing space. The Subcommittee will develop principles to guide the design and implementation of a process to elicit, review and make recommendations on proposals before they come before the UPRC. To be considered, a proposal must be recommended by a Direct Report of the President. While the Subcommittee will review requests for additional space, it will not consider proposed changes in office or administrative space within a division that do not require allocation of additional space; these changes will be handled by the appropriate chief officer.

The Subcommittee’s main responsibilities will be to:
1) Develop guiding principles, processes, and standards for the allocation of space in the form of a Space Management Policy:
   a. Develop guiding principles for the use of space.
   b. Develop processes for communicating the need for additional space, communicating the availability of space, applying for space, and criteria for prioritizing and deciding among competing proposals.
   c. Compile existing standards for utilization of space and develop others as needed. These may
include but will not be limited to: standards for offices (for example, who is entitled to an office rather than a cubicle and the approximate size of each), the definition and use of conference rooms and workrooms.

d. Design a process for vetting the proposed principles and criteria; then submit them to the appropriate parties for approval (UPRC and/or Cabinet).

e. Update Space Management Policy as needed.

2) Apply the approved criteria equitably as it:

   a. Analyzes and prioritizes proposals relative to strategic plan priorities, the campus master plan, and the energy and infrastructure sustainability goals of the Campus Sustainability Plan, other university plans, resources, and implementation schedule.

   b. Makes recommendations to the UPRC related to the assignment and utilization of University space. Recommendations should include a discussion of the issues related to each proposal, including cost considerations and effects on other areas.

   c. Works with the UPRC to develop procedures for communicating decisions, developing timelines and budgets. While recommendations by the Subcommittee should address cost considerations the UPRC is responsible for approving needed budgetary funding.

3) The Subcommittee on Space is responsible for developing and coordinating an orderly process for division leaders to submit prioritized requests for space to fulfill unmet needs. Direct Reports are responsible for providing the Subcommittee on Space the unmet needs of their division through the request for space process. The Subcommittee on Space will maintain records of these unmet needs and submit them to the UPRC together with recommendations for review and action as needed.

4) Make other recommendations to UPRC and/or to the President’s Cabinet, as appropriate, for their consideration.

5) Carry out other tasks related to space as assigned by the UPRC.

6) Assess its work annually and make recommendations for changes (including changes to the charge and membership) for the following year.

Membership Categories, Membership, and Expectations and Responsibilities of Members:

The following membership Categories of the UPRC are established:

- Ex-officio Member.
- Appointed Members, which will consist of:
  - Faculty members;
  - Cabinet Member;
  - Staff Member, and:
  - Student.

Membership in each Membership Category will be as follows:

- Ex-officio Members:
  - Director, Facilities Strategy & Assessment

- Appointed Members:
  - Faculty Membership: will consist of one faculty member from each College, nominated by the Faculty Committee, forwarded to the Provost for review, and appointed by the President. A faculty co-chair will be elected by the subcommittee members from its membership.
  - Cabinet Membership: will consist of one Cabinet member not on the UPRC appointed by the President.
  - Staff Membership: will consist of one staff member, recommended by the Staff Advisory Committee, forwarded to the Provost for review, and appointed by the President.
  - Student Membership: will consist of one student, recommended by the Senior Director of Student Affairs, forwarded to the Provost for review, and appointed by the President.

Each appointed member will serve a term of three (3) years. Terms are not renewable, however, an Appointed Member may be re-appointed to any number of additional three-year terms after a period of not less than one (1) year between terms.
Terms will be organized into three groups, with each group having a different starting year so as to provide for carryover and continuity of membership. During the initial terms beginning after the approval of this Charter, the terms of some members may be less than three (3) years. However, upon completion of the initial terms, all terms will be three (3) years in length.

Staff to the Subcommittee:
- Financial Planning and Budgeting Project Architect
- University Registrar
- Director of Technology Infrastructure

Staff members from various units within Physical Plant, Campus Police, Risk Management, Environmental Health and Safety, Information Resources, and Human Resources or others may be invited to attend a meeting of the UPRC Subcommittee on Space to provide information to members regarding issues under discussion. Administrators who submit space utilization requests will be invited to attend a meeting of the UPRC Subcommittee on Space in order to assist the members in understanding the request and/or to respond to questions or concerns raised by the Subcommittee members.

All members of the UPRC Subcommittee on Space are expected to place the interests of the entire University above other considerations during deliberations and when making recommendations. Secondarily, members are expected to represent the constituents they have been appointed to represent, and they are to serve as conduits of information both to and from the UPRC regarding all matters that come before the UPRC.

Membership terms begin on July 1 and end on June 30.

Voting regulations:
As an advisory body reporting to the UPRC, the UPRC Subcommittee on Space is expected to provide recommendations to the UPRC. In fulfilling this advisory role, consensus is the desired outcome. However, in situations where consensus cannot be reached, there may be occasions where a formal vote is necessary in order to properly document the different views of any action taken by the UPRC Subcommittee on Space. Any member can request a vote of any matter before the UPRC Subcommittee on Space, but this request must be approved by a simple majority of those in attendance at a meeting where a quorum exists. Only Ex-officio Members and Appointed Members are permitted to vote (“Voting Members”), and no vote can be taken without a quorum.

A quorum must consist of four voting members, at least two faculty present, to hold a meeting, and it can be virtual or in person. If a quorum does not exist, then the Subcommittee on Space will not meet unless a guest is scheduled on the agenda. If the Subcommittee on Space meets without a quorum (because of a scheduled guest), there will be a discussion but a vote cannot be taken.

Members of the UPRC are not required, but are welcome, to attend any of the meetings of the UPRC Subcommittee on Space. They will have voice but not vote. UPRC members will be encouraged to attend meetings at which a proposal in their area is under consideration.
