INTRODUCTION

The purpose of the handbook is to assist students, faculty, and administrators by compiling important Xavier University information and their sources. The Graduate Program Handbook does not replace other official documents, such as Xavier University’s Master Catalog, which is the official source of the university’s academic policies and procedures. It does not supersede the Xavier University’s Student Handbook (which regulates student conduct), or program specific documents (e.g., Program Student Handbook), but serves as a supplement to these official documents. The handbook is divided into five sections - Introduction, Graduate Community Contacts, Graduate Community Academic Resources, Graduate Community Practical Resources, and Graduate Policies and Procedures. Please contact the Office of the Graduate School at XUgrads@xavier.edu or 513-745-3957 if questions arise regarding the Graduate Program Handbook.

XAVIER UNIVERSITY VISION

Xavier men and women become people of learning and reflection, integrity and achievement, in solidarity for and with others.

XAVIER UNIVERSITY MISSION

Xavier is a Jesuit Catholic university rooted in the liberal arts tradition. Our mission is to educate each student intellectually, morally, and spiritually. We create learning opportunities through rigorous academic and professional programs integrated with co-curricular engagement. In an inclusive environment of open and free inquiry, we prepare students for a world that is increasingly diverse, complex and interdependent. Driven by our commitment to educating the whole person, promoting the common good, and serving others, the Xavier community challenges and supports all our members as we cultivate lives of reflection, compassion and informed action.

XAVIER UNIVERSITY VALUES STATEMENT

Xavier University is based on a Catholic, Jesuit tradition and is committed to supporting the intrinsic value of each human being. This tradition is dedicated to providing students with a caring, supportive, and developmentally enriching environment that focuses on the whole person, influenced by justice and love. Being a member of the Xavier University community is a privilege that carries with it responsibility for the well-being of all other members of the community. At Xavier University all members of the community share responsibility for the health and safety of fellow students and for the regulation of student conduct. The Standards of Student Contact (https://www.xavier.edu/handbook/standards/) is designed to foster the ethical, developmental, and personal integrity of students and to promote an environment that is in accord with the values of respect for oneself, respect for others, respect for authority, respect for community, respect for property, and respect for University values – honesty and integrity. Choosing to join this community obligates you to act in a manner that is consistent with these principles. Civility and respect for all individuals is fundamental to the Xavier educational experience. The “power of X” is building respect for self, others, and the world. Violation of this values statement may be grounds for conduct charges.
THE XAVIER STUDENT COMMITMENT

Written and approved by Xavier University students in spring 2014, the Student Commitment encompasses the spirit of the Xavier community. Xavier students eloquently express, and the Xavier community embraces, the Student Commitment, which is found below.

We are Xavier Musketeers.
We are unique individuals who come together
in the spirit of St. Ignatius,
to learn together, to serve together
and we will succeed in changing the world together.
We act with integrity, justice and generosity.
All for one and one for all.

BOARD OF GRADUATE STUDIES (BOGS)

The Board of Graduate Studies works towards resolving redundancies across colleges involving new graduate courses or revisions to existing graduate courses that are approved by the college curriculum committees. BOGS ensures that resources exist to accommodate the requirements of new graduate courses and programs or revisions to existing graduate courses and programs when the requirements draw upon resources in other colleges. It makes certain that graduate courses or programs support the Mission of the University. BOGS implements and decides upon revisions to the graduate University Grading Policies, Graduate University Catalog, and the Graduate Academic Calendar.

Hours and contact information are available on the website, [https://www.xavier.edu/mathematics-department/math-lab](https://www.xavier.edu/mathematics-department/math-lab).

WRITING CENTER AND OTHER WRITING RESOURCES

The James A. Glenn Writing Center (located in the Conaton Learning Commons, Room 400) provides free services for all Xavier University students, faculty and staff, offering assistance with both class and non-class-related projects.

The mission of the Writing Center is to support writers in their efforts to become better writers. Thus, rather than being a simple proof-reading or copy-editing service, wherein a writer drops off an essay for others to ‘fix’ before the writer picks it up again, the Center provides one-on-one tutoring conversations. Tutors will engage in sessions (an hour long at a time) designed to help the writer gain more awareness of and control over their rhetorical choices, assisting them in learning how to identify their own particular pattern of strengths and weaknesses and to edit their own work. The tutors in the Center can help at any stage of the writing process: understanding an assignment, generating ideas, drafting, organizing, revising, editing (addressing sentence structure, grammar, and punctuation concerns), and integrating, citing and documenting sources in the format appropriate to the writer’s discipline.

Appointments with the Writing Center can be made by phone, in person, or by email. We recommend that appointments for tutorial assistance be made in advance, although walk-in appointments are possible if a tutor is available. We offer both in person and online appointments.

If you are on campus, the Center also provides a small computer lab and resource library. Online, we provide tip sheets and links to other resources. If you have any questions about the services available at the Writing Center, please contact director Rebecca Todd at toddr@xavier.edu, 513-745-2093.

**ADMISSION POLICIES AND PROCEDURES**

Admission policies vary based on each program. Please visit [http://www.xavier.edu/graduate-admission/](http://www.xavier.edu/graduate-admission/), click on the specific program, and click on “Admission” or contact XUgrad@xavier.edu or 513-745-3360 with admission related questions.

**ACADEMIC HONESTY**

The pursuit of truth demands high standards of personal honesty. Academic and professional life requires a trust based upon integrity of the written and spoken word. Accordingly, violations of certain standards of ethical behavior will not be tolerated at Xavier University. These include theft, cheating, plagiarism, unauthorized assistance in assignments and tests, unauthorized copying of computer software, the falsification of results and material submitted in reports or admission documents, and the falsification of any academic record including letters of recommendation.

All work submitted for academic evaluation must be the student’s own. Certainly, the activities of other scholars will influence all students. However, the direct and unattributed use of another’s efforts is prohibited as is the use of any work untruthfully submitted as one’s own.

Penalties for violations of this policy may include one or more of the following: a zero for that assignment or test, an “F” in the course, and expulsion from the University. The dean of the college in which the student is enrolled is to be informed in writing of all such incidents, though the teacher has full authority to assign the grade for the assignment, test, or course. If disputes of interpretation arise, the student, faculty member, and chair should attempt to resolve the difficulty. If this is unsatisfactory, the dean will rule in the matter. As a final appeal, the academic vice president will call a committee of tenured faculty for the purpose of making a final determination.

**CONSORTIUMS**

Through the Greater Cincinnati Collegiate Connection (GC3) ([https://www.gccollegiateconnection.org/](https://www.gccollegiateconnection.org/)) any student registered at least half-time may register at other schools in the area for courses not available at Xavier, subject to the approval of their college dean. Participating member institutions are listed on the following webpage: [https://www.xavier.edu/registrar/registration-information/index#Consortium](https://www.xavier.edu/registrar/registration-information/index#Consortium)

A consortium of AACSB accredited Jesuit business schools has a reciprocity agreement stating that the majority of MBA credits taken by a student may be transferred into or from one consortium member to another, up to half of the core curriculum of any program, dependent upon the rules of each university or college. Contact the MBA Office or visit JesuitMBA.org for details.

Please see your academic advisor for additional information.

**COURSES AT OTHER INSTITUTIONS NON-CONSORTIUM CREDIT**

Current students desiring to take courses at an accredited non-consortium university must receive prior approval from their academic adviser and dean. To start this process the student must take the Off-Campus Course Approval
Form (https://www.xavier.edu/registrar/documents/Off-CampusApproval.pdf) and a copy of the other institution's description for the course to their academic advisor and dean to request permission and verify that the credit will transfer. Credit will only be granted if a grade of "C" or better was earned. (Note the minimum acceptable grade is subject to approval by the academic program.) This grade will not be placed on the student's Xavier record and is not computed into their Xavier GPA.

Please see your academic advisor for additional information.

REACTIVATION/REINSTATEMENT POLICIES AND PROCEDURES

A degree or licensure seeking graduate student who previously attended Xavier, did not complete the program, and has not been registered for one full academic year, must complete a Reactivation Form before attempting to register for classes again and continuing in the course of study. Applicants who want credit for coursework taken at another university during their absence from Xavier must submit an official transcript to their respective program director for credit review. Students are reactivated under the current catalog year, unless an exception is made by the dean. The graduate reactivation form is found on https://www.xavier.edu/graduateschool/returninginactive-graduate-students.

Students suspended from Xavier or from other institutions for poor scholarship will not be eligible for reactivation before the lapse of at least one fall or spring semester. In all cases, reactivation and the conditions for such will be determined by the dean of the appropriate college. All prior financial obligations must be settled with the Office of the Bursar prior to reactivation.

Please allow up to two weeks for the reactivation request to be reviewed by all offices involved.

Students interested in a new program should complete an admission application at https://admit.xavier.edu/apply/.
