Alcohol and Other Drugs Policy

Effective: July 1, 2022

Last Updated: January 2014

Responsible University Office: Division of Student Affairs

Responsible Executive: Vice President for Student Affairs

Scope: All Employees and Students

A. REASON FOR POLICY

Xavier University's Alcohol and Other Drug Policy is a component of the University's compliance with the *DRUG-FREE SCHOOLS AND COMMUNITIES ACT OF 1989*. This legislation requires colleges and universities to certify that they attempt to prevent the unlawful possession, use, and/or distribution of drugs and alcohol by students and employees. For more information on Xavier's efforts to create a safe environment conducive to intellectual and personal development and to reduce the occurrence of alcohol and other drug related incidents, please see the following resources:

B. POLICY

The purpose of the University's Alcohol and Other Drugs Policy is to promote the legal and responsible use of alcohol and other drugs; to ensure compliance with state and federal laws and regulations which pertain to the University; to preserve a social environment conducive to learning and healthy living; and to promote the education of students and employees regarding alcohol and other drugs.

Students and employees who would like to receive additional information or confidential assistance may contact Health Services, Counseling Services, Psychological Services, the Division of Student Affairs, or the Employee Assistance Program.

- I. Federal, State, and Local Laws:** The University upholds the laws instituted by the federal government, the State of Ohio, and the cities of Norwood and Cincinnati regarding alcohol and other drugs, including illicit use of drugs.

The following is illegal – 1) for anyone under the age of 21 to order, pay for, share the cost of, attempt to purchase, possess, or consume beer, wine, or intoxicating liquor; 2) to furnish false information as to name, age, or other identification; 3) to provide, furnish, host, share or sell alcohol to any person under the age of 21; and 4) to possess an open container of intoxicating beverage in a public place.

Federal law prohibits any use of Schedule I and Schedule II drugs, which includes marijuana for any purpose. This federal prohibition is effective regardless of the Ohio statutes surrounding medicinal marijuana use in Ohio. As such, the procedures outlined below promote responsible alcohol use, but, consistent with federal law, strictly prohibit any form of illicit drug use.

- II. University Policies:** Xavier University prohibits the unlawful use, possession, distribution, or sale of illegal drugs or alcohol, or the use of nicotine anywhere on University property (including vaping). This includes illicit use of drugs, even if those drugs are legally prescribed to/obtained by a person. Students or employees in violation of state, federal, or other local regulations with respect to illegal drugs or alcohol possession, distribution, use, or sale may be subject to University conduct procedures and/or criminal prosecution. Student violations of these policies will be handled in accordance with the Student Handbook. Employee violations of these policies are subject to the appropriate employee policies (See Resources Section below).

- c. **Non-University Events:** Events or activities sponsored by a non-university entity using University facilities or the University name. Such events might include space rentals for weddings, conferences, productions, and meetings.
- i. When a contractual agreement has been negotiated for the use of University space by a non- University entity, the authority to serve alcohol lies with the university representative responsible for

- negotiating the contract with the outside entity.
- ii. Non-University Events must comply with the parameters outlined in the General Event Guidelines (see Section VI, Section D, Procedures, herein).

IV. Alcohol Use Off-Campus:

- a. Students living off-campus in non-University-owned housing are expected to abide by the laws of the State of Ohio and the Xavier University Standards for Off-Campus Living and the Code of Student Conduct found in the Student Handbook.

VI. Student Policy on Amnesty: Xavier's Policy on Amnesty is designed to remove a student's apprehension of reporting a policy violation(s) from his or her decision to seek emergency assistance for oneself or a fellow student during an alcohol, drug or other medical emergency. The Amnesty Policy encourages a bystander or an impaired student to call for immediate medical assistance by reducing the sanctions typically applied under Xavier's Alcohol and Other Drug Policy. In such cases, however, Xavier has discretion to impose educational sanctions as a required activity that is intended to engage the student in a positive learning experience related to the student's behavior.

VII. Interventions and Sanctions, Health Risks, and University Programs: Criminal investigations resulting from alcohol or drug use will be handled by the appropriate law enforcement agency. A non-exhaustive list of criminal codes, applicable university policies, and their respective sanctions can be found at the university's Drug Free Schools and Communities Act webpage (See Resources below). In addition, the DFSCA webpage contains information related to health risks, and university AOD programming and initiatives.
