Health Services available at the HUB for XU Employees

Xavier University Health Services is excited to announce the addition of top-quality TriHealth care and services to Xavier University Employees in a convenient on-campus location within the Health United Building.

Appointments are available for **Employees only**, **Monday through Friday, 8 AM to 9 AM**, or open to all of campus during our standard hours at the HUB. You can **set an appointment** by contacting Health Services at **513.745.3022 option 3**.

Xavier Health Services offers a full range of Primary Care Services dedicated to the support and well-being of our Xavier Community. Appointments and services will be limited to current Xavier Students (both undergrad and graduate) and current Xavier Employees. Services for spouses and dependents are currently unavailable in the HUB.

Have you already established care with a TriHealth Physician at another location? Great news – the TriHealth office on Xavier's campus functions as an extension of your primary care provider's office and collaboratively includes your general practitioner in care plan decisions.

Services available at Health Services within the HUB include, but are not limited to:

Preventive Care	Acute Visits – Common Illness or Injury:
- Annual Wellness Visits - Physicals & Health Screenings - Chronic Condition Management - Travel Screenings and Education - Immunization Administration - Allergy Immunosuppressant Therapy - TB Placement and Reading - Medication Management - Sports Medicine	- Sick Visits & Minor Injuries • Respiratory infections • Urinary tract infections • Ear or sinus infection • Abdominal pain • Migraines/headaches - Minor Skin Conditions - Allergic Reactions - Gastrointestinal Related Symptoms - Lab Services by appointment - Specialist Referrals … AND MUCH MORE!

Additional Services and locations include:
- TriHealth's Extensive Primary Care Locations
- Primary Care at TriHealth's University Station and Hyde Park locations
- OB/GYN Services are conveniently located at University Station
- TriHealth Clinic at Walgreens (Norwood and other locations)
- TriHealth Priority Care
- Primary Care at the Xavier's Health United Building (HUB)

The mission of the TriHealth office at Xavier University Health Services is to promote, improve, and advance the university community's health, well-being, and overall success. By addressing the health needs of our campus, Health Services provides accessible, high-quality, holistic care for support, focus, and clarity in balanced living in a thriving campus community through the promotion of Xavier's Dimension of Well-being.
