

Skip the drugstore – have your medicine delivered to your home!

Why wait in line at the drugstore if you don't have to? If you take prescribed medicine on a regular basis, you can get up to a 90-day supply delivered to your door.¹ And depending on your plan, you may save on copays because the cost of a 90-day supply of many drugs is usually less than three 30-day refills. On average, members save up to 25% on their copay when they use home delivery.² Standard shipping is free, and you can even set up automatic refills.

Getting started with home delivery is easy:

1. Go online to get a prescription order form.

Visit anthem.com, choose **Manage Your Prescriptions** from the home page and log in with your username and password. If you haven't signed up on the site yet, you'll need to do that first.

On your personal pharmacy page, select **Start a New Prescription**.

That'll take you to the site of the company that helps manage our prescription benefits.³ There, you can download and print the **physician fax form** or, if you already have a new prescription for a 90-day supply of medicine from your doctor, download the home delivery mail form. You'll use one of these forms to send in your prescription.

2. Get a new prescription from your doctor for home delivery.

You'll need an up-to-90-day supply prescription. Your doctor can send in your prescription through eprescribe or fax it using the **physician fax form** from step 1.

Also ask your doctor for a 30-day prescription. Get this filled at your regular pharmacy to make sure you have enough medicine to last until you get your first home delivery prescription.
