8 a.m.-4 p.m.

Xavier University
(In front of Fenwick Residence Hall)
3800 Victory Pkwy
Cincinnati, OH 45207

3D technology Now Available!
Appointments will be made in 10-minute intervals, and patients should expect to spend 30 minutes in the van.

To schedule an appointment, call 513 569 6565.

Uninsured or underinsured? Funding may be available for those who qualify.

The TriHealth Mobile Mammography Van provides screening mammograms for women ages 40 and older. Screening is provided to women ages 35 to 39 who are considered high-risk or who have a strong family history (i.e. mother, sister or daughter).

The TriHealth Mobile Mammography Van recommends screening mammograms every 12 months, no more than one month prior to the previous year’s screening mammogram.

Note: If you are scheduling an appointment in fewer than 12 months, it is your responsibility to ensure that your insurance company will cover your exam; otherwise, you may be responsible for any charges.
If you receive Medicare benefits, under no circumstance are you able to receive a screening mammogram fewer than 12 months from your previous year’s screening.

To schedule an appointment call, 513-569-6565.
