C. PROCEDURE

1. Procedures to be followed for requesting vacations vary from department to department. Information regarding how to make a vacation request is provided by the supervisor. Vacations are scheduled subject to the needs of each department as determined by the supervisor.
2. Every effort must be made by employees to schedule their vacations in advance in order to allow proper planning for their absence. However, supervisors have the final authority to approve or disapprove vacation requests of the employees in their departments, regardless of the amount of advance notice that is given.
3. Every effort will be made to schedule vacations as requested by staff members. However, vacation time should be scheduled so that Xavier University needs and departmental/office efficiency are maintained.
4. Should more than one employee from the same department/area request the same vacation period at the same time; workflow needs may not permit both to be off of work simultaneously. If the two employees are unable to resolve the matter themselves, their supervisor will make the decision. In making such decisions, the supervisor weighs the organization's business needs, the timeliness of the requests, the employees' respective seniority and the recent history of prior vacation time taken by each employee.
5. In accordance with the Recording Time Worked policy, vacation time is not counted in determining whether an employee has worked over 40 hours and therefore eligible for overtime.
6. Upon separation of employment, an employee will be paid for up to 10 days of unused, accrued vacation if the employee has been employed for at least 6 months.
7. Employees may go into a negative vacation leave balance with advance approval from the supervisor provided the negative amount does not exceed the amount to be earned during the remaining part of the fiscal year. Anyone leaving the university with a negative balance will be required to have the amount taken from their final paycheck or remit payment to Xavier.
