Heart to Heart dialogues provide faculty and staff the opportunities to engage in deep conversations about critical social justice issues in the current national news.

- What about the national climate concerns you?
- What particular issues, events, or challenges most resonate with you? Why?
- What types of support systems and resources do you have available to you?
- What actions are you willing to take to stand against injustices and support each other’s humanity?

Please RSVP by Friday, October 27th to Aleshia Zoogah (513) 745-3117 or zoogaha@xavier.edu
