

# High-Impact Practices

This infographic of the National Survey of Student Engagement (NSSE) series explores High-Impact Practices. NSSE asks students about their participation in the High-Impact Practices which have positive associations with student learning and retention.

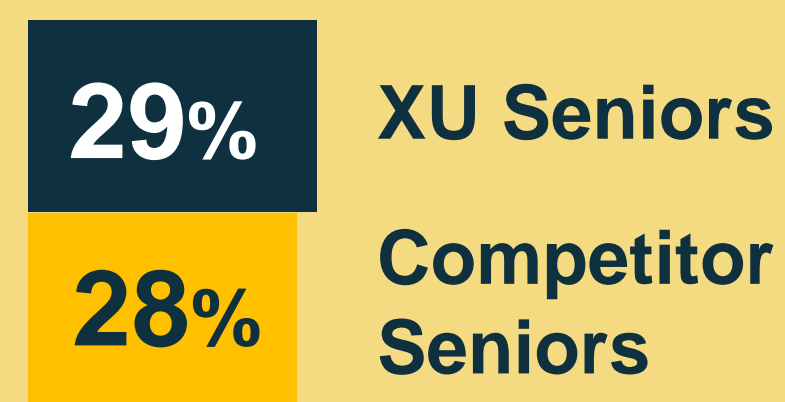

The NSSE infographic series features selected results from the NSSE administered to Xavier first-years and seniors in spring 2020; data collection ended just before the switch to remote learning. Response rates were 43% (n=533) for first-years and 32% (n=352) for seniors. For more information about Xavier's NSSE results, visit the Office of Institutional Research's [Nexus site](#).
