

REQUESTING OHIOLINK MATERIALS

Note: Click these links for additional instructions for [pickup anywhere](#), [online students & guests](#).

First, search for the item you want in XPLORE, the library's online catalog. If the library does not own the item, your screen will look like the image below. Remember, you cannot request an item from OhioLINK if it is available at Xavier.

1. You will see the *No matches found* message
2. Click the *OhioLINK* button at the top of your screen

The screenshot shows the XPLORE Library Catalog interface. At the top, there are navigation links: Xavier University, Library Home, New Search, and Help. Below this is the XPLORE LIBRARY CATALOG header with a search history dropdown. A secondary navigation bar includes My Accounts, Ask Us, Course Reserves, Research Resources, and Library Information, along with a (More Search Options) dropdown. The main search area features a search bar with 'blood meridian' entered, a search button, and options for Extended Display, Limit/Sort Search, Search as Words, and Search OhioLINK. Below the search bar, a red arrow labeled '1' points to the message 'No matches found; nearby TITLES are:'. Below this message are 'Result Page', 'Prev', and 'Next' buttons. A second red arrow labeled '2' points to the 'Search OhioLINK' button. Below the search results, there are options to Save Marked to Bag, Save All On Page, and Save Marked to My Lists. The search results table has columns for Mark, Title, Year, and Entries. The table lists several titles, including 'Blood/Lymph and Skin Cancer (Non-Hodgkin's Lymphoma, Leukemia, Multiple Myeloma, Melanoma): Metastat / 247 : McDonald 2nd Floor: AVAILABLE ; RT87.T45 K45 1995', 'Blood marrow transplantation : RD123.5 .B56 1997eb', 'Blood memory : McDonald 2nd Floor: AVAILABLE ; PS3559.L47 B55 2005', 'Blood, memory, and nation : massacre and mourning in Edwidge Danticat's the farming of bones / Shreerekha SubramanianSubramanian, Shreerekha149 : McDonald 3rd Floor: AVAILABLE ; GN254 .M37 2005', 'Blood-Mixing - Ottoman Greece: Delacroix's Massacres of Chios, 1824 / 237 : McDonald 3rd Floor: AVAILABLE ; NX549.A1 G76 2002', and 'Blood Money / 252 : McDonald 3rd Floor: AVAILABLE ; E744 .F865 1995'. A red arrow labeled '2' also points to the 'Search OhioLINK' button at the bottom of the search results area.

The system will automatically search the OhioLINK Central Catalog for your item, and display a list of results (image below). Click the link for the item you want.

The system will now display the record or records for the item you want. Click the REQUEST button for the one you want.

You will be asked to select your school or institution from a drop down list. Once you select *Xavier U*, click the *Submit* button.

Pickup Anywhere

If you would like to pick up your item at an OhioLINK college or university more convenient for you than Xavier:

1. Click the down arrow in the *Pickup Institution* select box and choose the college or university where you will pick up your item.
2. Click the down arrow in the *Pickup Location* select box and choose the specific library at that institution where you will pick up your item (many schools have more than one library).
3. Once you have selected your pickup options, click the *Submit* button.

If you have been successful, you will receive a confirmation message indicating that your item has been requested. Contact the reference desk (513 745-4808) or circulation desk (513 745-3881) if you have any problems.

The screenshot shows the OhioLINK Library Catalog interface. At the top, there is a blue header with the OhioLINK logo and the text "OhioLINK Library Catalog". To the right of the header, there are links for "OL Home", "Research Databases", "Search Tips", and "Contact a Librarian". Below the header, the user is logged in as "POGGIONE, MARCIA DAE". There are two buttons: "Start Over" and "Regular Display". A search bar contains the text "blood meridian" and a "Search" button. Below the search bar, the system displays a confirmation message: "Your request for **Blood meridian, or, The evening redness in the West / Cormac McCarthy** was successful." It also states "Item requested from **U of Akron**" and "Your request will be delivered to **Xavier Univ.-Connection Ctr at Xavier U** when it is available."

Usually your item will arrive in 3-5 business days. You will receive email notification of its arrival in your Xavier email account.
