

## HSA ADVISORY BOARD

The Xavier MHSA and BSHSA Programs have had an Advisory Board for many years. Its purpose is to “provide ongoing stakeholder input regarding the needs of the health industry and customers that Xavier must meet to succeed as a program offering the MHSA and BSHSA degrees.” (From the Advisory Board Bylaws 2012) The Advisory Board meets annually on campus on the first Thursday of November, participates in several Online Advisory Community questions via email throughout the year, provides scholarship funding for MHSA students, and assists in identifying internship and residency opportunities.

To appreciate the impact of the “advisory” nature of this board, recent board meetings have included a board education segment in which each member is invited to share what is trending in the sector of healthcare in which he/she works, what is disrupting the status quo, expressing why this is important, mentioning what “keeps me awake at night, offering why HSA students should know about this, and suggesting how Xavier should include this for awareness in BSHSA or MHSA. The board offers a wealth of knowledge and experience. Board chairperson **Peter Bardwell** originated the concept and facilitated the discussion.
