

POSITIVE ORGANIZATIONAL RELATIONSHIP FOR BSHSA AND MSHA STUDENTS

Xavier Health Services Administration, through its BSHSA and MSHA degree programs, values opportunities for our students to be part of the practitioner world and contribute to an organization in whatever ways are in keeping with health administration concepts learned for leadership experiences.

One of the local organizations with which we enjoy a robust student-opportunity relationship is CareStar, which is a post-acute company providing case management and assessment services to the chronically and developmentally disabled in Ohio, Kentucky, Indiana, and Georgia. The company's goal is "to help individuals maintain comfort, health, and welfare while remaining independent in their home and community." CareStar has two additional companies, CareStar Learning geared for Home Health Aides and Personal Care Aides, and CareStar Information Systems geared for the I.T. needs of healthcare organizations and government entities.

CareStar president **Pamela Zipperer-Davis** '89M welcomes our BSHSA and MSHA students for internship experiences as well as for employment. This picture was taken in fall 2019 and features our students/alumni (left to right):
