STUDENT TEACHING AND FIELD EXPERIENCE

Student Teacher (1st Grade), Helmet Elementary School, Cincinnati, OH Fall 20XX

- Taught all subject areas; created a Force and Motion unit where the students experimented with magnetic and nonmagnetic objects, rotated through stations, and observed a gravity experiment.
- Planned Guided Reading Groups for four different reading levels. Students read fiction and nonfiction leveled books.

Practicum (Pre-Kindergarten), Ice Cream Early Childhood School, Cincinnati, OH,) Spring 20XX

- Assisted students with reading and writing workshop. Workshop included word study, sorts, and creating how-to books.
- Implemented intervention strategies for struggling readers. Used Elkonin boxes where the students separated sounds and then blended them together.

Practicum (Kindergarten), Jelly Elementary School, Cincinnati, OH Fall 20XX

- Taught math and science to third grade students. Students engaged in Mystery Science experiments.
- Initiated/implemented classroom game where students practiced repeated addition as multiplication.
