My main goal is: Make every student feel like their concerns actually reach leadership not just get lost in email threads.

Why are you interested in serving in the role(s) of the office(s) sought? *

I am interested in serving as a senator because I truly believe student government should be a space where every student's voice matters, not just the loudest ones. I intend to be a bridge between the student body and administration, making sure real concerns lead to real change. This role is about more than just titles, it is about impact. I intend to help build a campus community that feels connected, supported, and seen. Whether that is through improving communication, supporting student wellness, or making campus life more inclusive and affordable, I am dedicated to doing the work that helps students thrive.
