

STUDENT EMPLOYEE SPOTLIGHT

Alyssa recommends to other Xavier students, "Live in the moment and take advantage of all that Xavier has to offer. The Xavier community is special, there are so many people here that want to support you and see you succeed."

Meet Alyssa Palicki!

Alyssa is a Senior, Biomedical Sciences Major and has worked for 3 years as a student employee in Xavier's Counseling Services as a Confidential Peer Support Advocate.

In her role, she facilitates a weekly support group for students of power-based violence. Alyssa comments, "I am a confidential resource for students at Xavier who have faced any sort of power-based violence, sexual assault, or harassment. I am trauma informed and work with students in a weekly support group where I facilitate discussions and activities based on topics that survivors often experience. I've worked as a team with other advocates to promote our services on campus and hope to continue this in my community after graduation."

Alyssa says that the accomplishment she is most proud of is "The success and growth of our support group over the last three years that I have facilitated."

Congratulations to Alyssa for being chosen as 2025 Student Employee of the Year Winner!
