University Conduct Board (10 students)
The University Conduct Board (UCB) facilitates Xavier’s Student Conduct process by hearing cases in which student misconduct is alleged and determining if the behavior in question is a violation of Xavier’s Code of Student Conduct. The UCB is composed of students, faculty and administrators and has sanctioning authority up to, and including separation from the University. The Board makes decisions regarding responsibility after careful consideration of all information presented at the UCB hearing. Sanctioning decisions are based on the student’s needs, the needs of the community and any prior conduct violations for which the student was found responsible. Each member of the Board receives thorough training each year. *Committee members must be available on Friday afternoons.*
